PROFESSIONAL EXPERIENCE

XenonStack Private Limited — Mohali, Panjab
UI Engineer (Full-time) — *Sept 2023 - Present*

- Integrated APIs with the user interface to dynamically fetch and display data, ensuring a seamless user experience.
- Developed and implemented new user-facing features using Next.js and associated libraries like MUI, Redux, and Styled-Components.
- Actively participated in code reviews and provided constructive feedback to peers.

Associate Software Engineer Trainee — *Jan 2023 - August 2023*

- Explored and contributed to coding and implementing new features in internal projects under the guidance of senior developers.

PROJECTS

TYP - Next.js (MUI, Redux, Styled-Component, React-intl), Golang

TYP is a comprehensive logistics application focused on managing the entire process of product and parcel pick-up and delivery. The project involved handling multiple locations, process and user roles. The project also included the development of a mobile application to facilitate real-time updates and interactions. Our team was responsible for managing Web application development, managing functionality and Rest APIs integration.

Role

- Rest APIs integration with the user interface to dynamically fetch and display data, ensuring a seamless user experience
- Enhanced front-end functionality and user flows by collaborating with UX designers and back-end developers.
- Front-end code review and deployment of front-end features

Lifedata - React.Js (MUI, Ant Design, Redux, Styled-Component, React-intl), Node.Js, DynamoDB, Graphql

Lifedata is platform developed and managed a comprehensive WhatsApp campaign management platform, enabling businesses to create, schedule, and automate personalized campaigns. Designed a dynamic journey builder with event-driven workflows and conditional logic to enhance customer engagement. Integrated WhatsApp Business API for seamless messaging and implemented advanced analytics to track campaign performance and ROI. Ensured scalability, compliance, and multi-role collaboration for diverse business use cases.

Role

- Develop UI and implement front-end functionality and user flows by collaborating with UX designers and back-end developers.
- GraphQL APIs integration with the user interface to dynamically fetch and display data, ensuring a seamless user experience
- Front-end code review and deployment of front-end features

EDUCATION

Master of Computer Application, Chandigarh University - Mohali, Punjab   2021 - 2023
Bachelor of Computer Science, Gorakhpur University - Gorakhpur   2018 - 2021
Senior Secondary, Divine Public School - Gorakhpur   2016 - 2018

EXTRA-CURRICULAR ACTIVITIES

- NSS Cadet in Graduation.
